May 12, 2022

To Our Valued Customers,

Continued disruptions in the global supply chain have pushed oil and natural gas feed stocks to near record levels in recent weeks. These increased input costs have forced raw material suppliers to implement their previously announced May 1st, 2022 price increase.

Due to the May 1st resin increase Berry Global will implement a price increase of 6% on all Stretch Film products. This increase will take effect with all orders placed on or after June 6th, 2022. Berry Global reserves the right to limit the size of orders to historical quantities to better serve the anticipated demand of our customers. All orders must call for immediate delivery.

Berry Global will work closely with you to manage the impact of these price adjustments and keep you abreast of changing market conditions. Your local sales professional is always available to answer any questions you may have.

Thank you for your business and continued support.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brian Ochsner". The signature is fluid and cursive, with a large initial "B" and "O".

**Brian Ochsner
Vice President of Sales – Stretch Film
