

May 12, 2022

To Our Valued Stretch Film Customers:

Our resin suppliers have informed us that their previously announced resin price increase nominated for May 1<sup>st</sup> will be implemented. Rising energy and feedstock costs, coupled with strong global demand and rising logistics costs are all driving factors leading to this price increase.

**In response to the May resin increase, there will be an 6% price increase for all products, effective on orders received on or after June 6, 2022. All orders must call for immediate delivery.**

**It is very important to take note that orders will be limited based on your average monthly shipments over the last six months. Based on current lead-times and resin availability, we reserve the right to accept or decline orders for any reason.**

Your local Sales Representative is available to answer questions and provide additional information.

Thank you for your business and continued support of AmTopp stretch film products.

Sincerely,

A handwritten signature in black ink that reads 'Scott Stevens'.
