

Important: 3M Price Adjustments Coming – Effective October 1, 2022

Dear Valued Channel Partner,

3M will be adjusting prices on selected products effective October 1, 2022. This action includes:

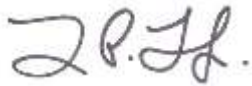

- General Line Price Adjustment
- Deviated Price Adjustment

The above price actions taken are a result of cost increases incurred by 3M in multiple facets of manufacturing and supply chain including raw materials, labor, transportation and overhead.

The overall impact will vary depending on product mix, and you may see price changes for some materials that differ from the average percentage of the product category.

We have teams across 3M that are ready to support your business needs. We are committed to partnering with you during these unprecedented times. We thank you for your business and continued support.

Kind Regards,

Lawrence P. Lynott, Jr.
Vice President, United States and Canada Industrial Channel
