

February 14, 2023

To Our Valued Stretch Film Customers:

Our resin suppliers have implemented their previously announced resin price increase for the month of January. Reductions in resin inventory, coupled with improving global demand are driving factors contributing to this price increase. They have also notified us of additional increases slated to take effect in February.

In response to the increased raw material costs, there will be a 5% price increase for all products, effective on orders received on or after February 27, 2023. All orders must call for immediate delivery.

It is very important to take note that orders will be limited based on your average monthly shipments over the last six months. Based on current lead-times and resin availability, we reserve the right to accept or decline orders for any reason.

Your local Sales Representative is available to answer questions and provide additional information. Thank you for your business and continued support of AmTopp stretch film products.

Sincerely,

 Feb 14, 2023

Scott Stevens
Assistant General Manager
